NEW LAUNCH RAMP PASS POLICY WITH ADDED BENEFITS

This new Port policy will allow holders of an annual launch pass the ability to moor their boat in the water for a limited amount of time for a \$5 additional fee and thus come in either before or after the ramp rush.

How the program works:

An annual launch ramp holder is now able to come into the Boat Haven Moorage office during normal business hours and request and sign up for a temporary use pass. This pass would be available on a space available basis only and would cost \$5. If a pass during the day was requested, the holder could be assigned an area to moor from anytime after 8AM until 6PM and must vacate before 6PM or pay the normal daily rate. The evening option would be to launch after 4:30PM and be gone by 8AM the next morning. Again if the holder was still in the slip after 8AM they would be required to pay the normal daily fee. Arrangements for the evening pass must be made during normal business hours at the moorage office. This program would be available for boats under 26 feet in length and only at our Boat Haven facility.

This program is being created, to give added benefit to buying an annual pass but more importantly to help alleviate congestion on the boat ramps during high use times.
